

Vision

The tri-county region will be a thriving community that is **inclusive, diverse, and sustainable to ensure healthy equity, and opportunity for well-being for all.**

Tri-County Illinois (Peoria, Tazewell, and Woodford Counties) Community Values

Inclusive-

Option 1: open to everyone

Option 2: comprehensive of all

Diverse

Understanding and respect of cultural differences enhances our community.

Each resident has the opportunity to live their life to the fullest with equal opportunity for all.

Sustainable

Option 1: able to last or continue for a long time

Option 2: commitment by the community for long term

Option 3: Engaged community work that can last over a prolonged period of time regardless of economic and social challenges.

Health & Wellbeing

A state of complete physical, mental and social wellbeing and not merely the absence of disease or infirmity. Encompasses the full spectrum of health and wellbeing including: healthy behavior, access to and quality of clinical care, social economic factors (education, employment, income, family and social support, community safety), and physical environment (air and water quality, housing and transit).

Health Equity

Everyone has a fair opportunity to attain their highest level of health regardless of race, ethnicity, gender, income, sexual orientation, neighborhood or other social condition. Achieving health equity requires eliminating gaps in health outcomes between different social groups.

Knowledgeable

Valid, reliable information is valued as part of the decision-making process.

Engaged/Involved

Working collaboratively with people to address issues affecting their health and wellbeing. Actively building a sense of community.

Committed

A community where quality health care is accessible to all residents, including the indigent and underserved, and is not taken for granted, but is valued with a focus on prevention and respect for our bodies.

Safe

A community has a commitment to allocate the needed resources to create a safe environment and feel no fear or threat to their personal well being.
